

# Fish Factory Tournament

Continuing its long history of community involvement, Sea Harvest will be participating in three sporting codes in the upcoming Visfabriek tournament. The company, based in Saldanha Bay, has grown into the single largest employer in the local region and one of the largest vertically integrated black-owned fishing companies in the country.

Sea Harvest's energetic group of cheerleaders

Sea Harvest's netball team, which is captained by Martha Cloete

Members of Sea Harvest's A and B soccer teams, which are captained by Martin Vraagom and Petrus Eksteen, respectively
